CONCURRENT SESSIONS *continued*

HOW WE FOUND A SUPERINTENDENT

Discover what it takes to have a high quality, professional superintendent search process. Board presidents from Columbus Municipal, Lauderdale County, and Western Line School Districts will reveal practical dos and don'ts of conducting a search, issues to consider in planning a search, how to engage stakeholders without ceding your authority for decision-making, and how to ease the transition once a leader is appointed.

KNOW YOUR CONTRACTS

From yearbook companies to HVAC companies to accounting and software providers, an increasing number of vendors and suppliers want to do business with you. Each of these relationships includes obligations and risks, the responsibility for which should be clearly defined in your contracts with these vendors. During this session, Attorney James A. Keith will discuss the risks at issue, and what your contracts need to include to shift responsibility from the district to the vendor.

AND MUCH MORE!

EARLY BIRD LEADERSHIP SEMINAR

Board Strategies for Dealing with the Teacher Shortage

What can school boards do to help address Mississippi's teacher shortage crisis? This informative Early Bird will challenge school board members to explore beliefs, practices, and policies around state accountability; consultants and external providers; internal instructional coaches and interventionists; and the cost benefit of taking teachers out of their classrooms for training. You will not want to miss this opportunity to impact student achievement and growth in your district.

Should I Accept the Ham?

Explore the ethical issues that school board members may face during this dynamic Early Bird led by Dr. Tommye Henderson, MSBA Superintendent Search Consultant and Dr. Michael Waldrop, MSBA Executive Director.

GENERAL SESSIONS

OPENING GENERAL SESSION

The 365 Day Literacy Super Strategy: 10 Steps for Equity, Excellence, and Achievement for Every Student

Join author Pam Allyn for an engaging conversation on the importance of developing a 365 day plan to support literacy instruction.

This keynote will explore the current research and best practices for topics such as the impact summer and extended-day learning have on closing literacy gaps for striving students as well as what can be done to help every child become a Super Reader.

SECOND GENERAL SESSION

Open a World of Adventure with STEM+: Inspiring Students to Touch the Sky

During the second General Session, Captain Irving will share his inspiring story that took him from the streets of Miami to setting a world-record flight to encouraging thousands of students around the world to dream, live, and fly through STEM+. Captain Irving will take the audience across the globe as he shares his journey and STEM+ global expeditions during this interactive session.

Insurance Services Member Appreciation Reception

Monday, February 18th
5:30 p.m. - 6:30 p.m. (after the Early Bird)

Mix and mingle while enjoying hors d'oeuvres in the Crowne room, located near the Wellington's entrance.

Reserved for school districts that are members of MSBA Insurance Trusts.

CONCURRENT SESSIONS

DEVELOPING LINGUISTICALLY ADVANTAGED CHILDREN

The need to focus attention on foundational literacy and access to books year-round is now more important than ever. School can be a place where struggles undermine confidence and critical skills remain underdeveloped for students entering kindergarten unprepared or for students who are not reading on grade level. As a result, the reading achievement gap widens as students move beyond Pre-K and Kindergarten. Join Ernesto Rodriguez, Director of Early Childhood, West Region, Scholastic, for an interactive session on strategies and emphases on propelling students through the school year.

PROVIDING EQUITABLE ACCESS TO COMPUTING EDUCATION IN ELEMENTARY SCHOOLS

By developing computing skills throughout the PK-12 experience, graduates are better equipped for pathways that include direct entry to the workforce or apprenticeship, higher education at a community college or university, or enlistment in a branch of the U.S. military. Hear from Cherie Labat, Ph.D., Columbus Municipal School District (CMSD) Superintendent, and Sarah Lee, Ph.D., Mississippi Coding Academies Co-Director, to learn how the CMSD is partnering with Mississippi State University's Bagley College of Engineering and their affiliate Mississippi Coding Academy to bring computer science to elementary schools.

THE 365 DAY LITERACY SUPER STRATEGY: A DEEPER DIVE

During this informative session, Pam Allyn will focus on the organization of available data to forecast and project school and district accountability labels using formative data points throughout the school year. Participants will explore "asking the right questions" to "reduce the element of surprise" when it comes to our MS State Accountability System.

SAFE AND CIVIL SCHOOLS: PRACTICAL SOLUTIONS, POSITIVE RESULTS

Safe and Civil Schools has helped school districts throughout North America build the knowledge base needed to create positive school environments that are emotionally and physically safe and that foster independence, integrity, confidence, self-control, kindness, and responsibility. During this session, Tupelo Public School District will discuss the success the district has already experienced during the first year of the CHAMPS program implementation.

REGISTRATION FORM

47TH ANNUAL CONFERENCE

February 19-21, 2019 / Jackson Hilton Hotel
1001 East County Line Road / Jackson, MS
